The information on this page is developed to inform current and prospective students about the MCC programs that lead to professional licensure or certification.

Please be aware that there may be additional professional licensure or certification requirements like professional examinations, continuing education, background checks, years of work experience, fingerprinting requirements, etc. which are not covered by academic program's curriculum. Additional requirements may differ by state. Current and prospective students are strongly encouraged to contact the appropriate licensing agency for your location or the state at which you desire to be licensed or certified to seek information and additional guidance.

Midwestern Career College strives to ensure that the information provided on this page is accurate and up to date. However, as professional licensure and certification requirements are subject to change at any time, students are strongly encouraged to regularly check with the certification boards and other credentialing agencies to confirm professional licensure and certification requirements for their program of study.

The links and information that lead to websites and content created by other public and private organizations are provided for the user's convenience only and are not part of the MCC's Professional Licensure or Certification Disclosure.
